MACHINE LEARNING (IMC-4302C)

LAB 6: ONE VS ALL REGULARIZED CLASSIFIER

SLIM BEN AMOR: SLIM.BEN-AMOR@INRIA.FR

**School Year
2017-2018**

About Lab 6

- **Outline:**
  - Build a multiclass classifier with « One Vs All » approach.

  - Use "sklearn" logistic regression classifier for each 2 class classification subproblems.

→**Send your report and 2 labs code by mail before next session (by Monday 03/12).**

→You may submit one report per group of 2-3 persons.

Hand written digits

- Some Hand writing dataset samples:

- To draw a hand written digit image you may use this online tool: https://www.youidraw.com/apps/painter/#
